First Responders rely on reflective home address numbers. The use of highly visible address panels throughout our community provides the fastest possible response time for you and your neighbors.

The Friends of Readington Township Citizens Corps Program, in partnership with Readington Township CERT (Community Emergency Response Team), is pleased to offer all local homeowners a solution that’s effective and affordable.

Our House ID signs are visible from long distances, especially at night when it’s most important! They feature extra-heavy aluminum panels with green 3M Prismatic® reflective sheeting and white 3M Prismatic® numbers. The 18” x 6” signs are numbered on both sides with up to five 3” high numbers. Mount the signs vertically or horizontally on most mailbox posts. See examples at www.forcert.org/houseID.

The materials are Made with Pride in the USA! Our signs have an estimated life span of over 20 years and meet all Readington Township requirements for emergency numbering of buildings (Ordinance 82-4).

Our premium double-sided House ID signs cost just $20.00!

Two screws are included for mounting on many posts. Proceeds from the program go toward the operating budget of the all-volunteer Readington Township CERT.
