

Readington Township - Open Space Preservation Update – December 2019

Round Mountain section (Deerpath Park) – Delaney Acquisition (14.6 Acres)

Readington Township's Open Space Advisory Board announces that Hunterdon County Round Mountain section has been expanded by approximately 14.6 acres with an addition on the northwest part of the mountain by Foothill Road. This is a key parcel on the Round Mountain section of Deerpath Park as it allows future trail connections between the County Parks Headquarters and the Round Mountain trail system. This acquisition continues the County and Readington goal to preserve environmentally valuable and forested lands on Round Mountain.

The funding was provided by Hunterdon County with a small contribution from Readington Township using the County municipal grant program. In 2020, both Hunterdon County Parks and Readington Twp. Open Space Advisory Board will continue to explore opportunities to improve the existing trail system on Round Mountain.

Juergen Huelsebusch, Chair, Readington Township Open Space Advisory Board
